**Re: REACH Conformity Declaration**

Dear Business Partners,

PRECHEZA a.s. as a manufacturer of inorganic substances would like to assure its business partners that fully completed registrations of all phase-in chemical substances under the Regulation (EC) 1907/2006 (REACH) related to all the tonnage bands as stipulated in the Regulation.

The substances were registered under the following registration numbers:

Substance	EINECS	CAS	Reference number
titanium dioxide	236-675-5	13463-67-7	01-2119489379-17-0013
diiron trioxide	215-168-2	1309-37-1	01-2119457614-35-0004
iron hydroxide oxide yellow	257-098-5	51274-00-1	01-2119457554-33-0003
triiron tetraoxide	215-277-5	1317-61-9	01-2119457646-28-0027
iron sulphate	231-753-5	7782-63-0 17375-41-6	01-2119513203-57-0001
sulphuric acid	231-639-5	7664-93-9	01-2119458838-20-0053
calcium sulfate	231-900-3	7778-18-9	01-2119444918-26-0031
titanium oxide sulphate	237-523-0	13825-74-6	01-2119560603-42-0010
disodium titanate	234-802-9	12034-34-3	01-2119560604-40-0004

The registrations are applied to titanium dioxide PRETIOX, iron oxide pigments FEPREN, anticorrosive pigment Jacor-Fe, iron sulphate monohydrate MONOSAL, iron sulphate heptahydrate HEPTASAL, disodium titanate, titanium oxide sulphate, gypsums PREGIPS and PRESTAB as well as sulphuric acid.

Best regards,

Pavel Mikulik  
QEHS Manager
